A brief explanation of any of the figures above necessary to enable the figures to be understood	There has been a write down in goodwill in relation to Kilimanjaro due to the on-going dispute with MYOB in relation to the MYOB Exo margins, revenue would have been \$0.31 million higher in the period except for MYOB's unilateral action. A write off of goodwill relating to iSell has been actioned due to the slower than expected growth, not meeting the expected delivery dates for features and a decrease in the base multiples.
